BEACH AND BURLINGTON

Soldiers Are Busy and Getting Into Good Shape.

Beach Season Backward But a Lot of Work Going On.

More extended order drill is being given by the officers to the men of a company, 16th Battalion, Burlington.

At the same time, the boys are improving can be seen. Instruction in the various games is also given at intervals and when the boys get to camp the various games will come second nature to them.

Great pains have been taken in the physical drill as the instructors look on this as an important feature in the training of the boys.

Two of the boys left Monday morning for Milton to take a course as beginners.

They are Pies Walker and Tony Taylor.

The Burlington soldiers are being given a very formidable team would be started out on the bay.

Going to take the officers to purchase baseball outfits, and it is no more than right that this should be done considering that the money in the fund was got by them after hard work.

It is hoped that ball suits will be provided too.

No new recruits have been received so far this season.

It would be advisable if they were given one day off a week to recruit, and when they are able them to go out in the country and other places, and more recruits would be able to be recruited.

Word from headquarters to this effect would be welcome.

Mr. H. Hare is away for a course in trench work.

A new verandah is being put on the commodore hotel on the bay side, at the canal.

The verandah should be used with much and it would then be quite to the liking of the beach patrons.

The month of April this year has been nearly so agreeable as that of last year.

Pie George Wilson, of St. Thomas, spent Sunday with Mrs. George Belting, Station 6.

He spent Sunday with friends here.

Some of the shacks on the Iwakoe wharf, on the north side of the wharf, are being fixed up by their owners, with extensions to verandahs, new floors, etc.

Sergeant Mitchell, 26th Battalion, whose place of residence is in the city, is in Toronto taking a military course.

Miss Quenneville, of Hamilton, spent a day last week with friends here.

Mr. John Perry, proprietor of the Lavender Hotel, is making alterations to his premises.

Mr. Perry is putting in a cement floor all along the front of the hotel.

Miss Eva Thomas, who conducts a store at Station 10, has just put in her new spring stock in readiness for the season's trade.

Lloyd Howard, a young lad, who lives at Station 6 caught a perch with hook and line last week, weighing 1 lb. 7 ounces, and measuring 14 inches.

The perch was on exhibition at Nelson's sporting goods store, James street north.

COSTLY SET. KITTS. FIRE.

Caught on April 25, a male which caused a loss of \$200 broke out to-day.

The animal, a male, and spread to dinner table, and spread to dinner table.

The animal, a male, and spread to dinner table, and spread to dinner table.

The animal, a male, and spread to dinner table, and spread to dinner table.

EDUCATIONAL ASSOCIATION CONVENTION

President Falconer of 'Varsity Speaks on "A Look Forward" to Members.

BUSY SESSIONS

Mental Defectives Under Discussion—The Kindergarten Section.

Toronto, April 26.—Few breathing spells are allowed the many delegates attending the Ontario Educational Association's annual meeting in the Grand Technical school here. Thirteen sessions were in full swing all yesterday and it keeps everyone on the go. President Falconer addressed a joint meeting of the Ontario Teachers' Association and the Ontario Educational Association on "A Look Forward." What the outcome of the war will be on the rising generation was dwelt on. A new conception of patriotism and a new country are being born. St. Julien, Passchendaele, Ypres, Ghent, and other names are being added to the list of Waterloo to our children than did Waterloo to our fathers or ourselves. The war has developed a new standard of public service, a new quality and passion for service, unlearned of young men and women. The country calls for a higher conception of duty than has ever been known. The effect of the war on the mind of the individual is being studied. The effect of the war on the mind of the individual is being studied. The effect of the war on the mind of the individual is being studied.

The young of today are being brought up in an atmosphere of responsibility that is practically unexampled. There will be no more "childish" questions. The effect of the war on the mind of the individual is being studied. The effect of the war on the mind of the individual is being studied. The effect of the war on the mind of the individual is being studied.

A NEW ERA COMING
The young of today are being brought up in an atmosphere of responsibility that is practically unexampled. There will be no more "childish" questions. The effect of the war on the mind of the individual is being studied. The effect of the war on the mind of the individual is being studied. The effect of the war on the mind of the individual is being studied.

It was all too true that for some time of causes unknown that the teacher's social standing in a community was considered inferior to that of a general community. Had the mal remuneration anything to do with it? Yet the speaker showed that many professions, such as law, medicine, and engineering, were underpaid, so it could not be attributed to that. Would a general education of the public, which would produce a wider intelligence and a broader culture, serve to elevate the status of the teacher? He felt it would, in fact, it would result in keeping many of the professions who had to try to get on as they will like it, or that it is an easy and very easy way of raising a few dollars. It is not an anomaly that teaching should be paid as a stepping-stone to other professions. A teacher that craves to be a learner soon becomes old, cynical and stale.

The observance of professional etiquette was another point that should be thoroughly emphasized. Very much of the difference between the teacher and one another that is known by the members of the association is due to other learned professions and to the lack of cohesion which is a lamentable fact to the teaching profession.

MENTAL DEFECTIVES

In the physical training and school hygiene section Dr. Helen MacMaster spoke on "Are We Making Any Progress in Dealing With Mental Defectives?"

Dr. C. K. Clarke, superintendent of Toronto General Hospital, led in the discussion which was presided over by Dr. J. H. Putnam, of Ottawa. The problem of the defective in the public school was left by him to be a very serious one, requiring immediate dealing with by the teachers and principals.

Dr. J. H. Putnam, of Ottawa, the speaker read by Eleanor M. Moore, New York, proved interesting.

Dr. Mary Adair, of Philadelphia, bore the kindergarten section, dwell on the difficulties of fitting in the kindergarten work with that of the primary school, and on through to the higher. She claimed that was where the present system falls down, owing to the gap between these two.

LIEUT. G. V. RAYNER
When the war broke out, Lieut. Geo. Vernon Rayner was attending the School of Science at the University of Toronto. He immediately stopped his studies and enlisted with the Canadian Officers' Training Corps. He was sent to the front in 1915. He is a native of Hamilton, and at present is a lieutenant in the 12th Battalion in his home town. He returned to this city and secured an appointment with the 12th Battalion. He qualified for his rank at the 12th Battalion. He is now the machine gun officer of the battalion.

BELIEVE HUNS WERE DAMAGED

British Naval Circles Think Raiders Met Injury

In Their Attack Upon Lowestoft Tuesday.

London, April 25.—A squadron of German battleship cruisers raided the seaside resort of Lowestoft, on the North East coast of England, by cover of darkness about 4 a.m. today, but was driven off after a 20-minute engagement with British light cruisers and destroyers. Two British light cruisers and one destroyer were hit, but none of the warships was sunk. German battle cruisers range in tonnage from 13,000 to 28,000; their main armament is 11 or 12-inch cannon, with a 24-inch and 6.9-inch quick-firing. British light cruisers range in tonnage from 2,135 to 5,915, with 6-inch guns as the main armament of the larger classes and 4-inch guns for the smaller ones.

That the German cruiser squadron did not escape without serious damage is the opinion generally held in naval circles here. General opinion today holds that last night's attack by Zepplins was made in conjunction with the raid by sea, for the aircraft confined their efforts to the coast, dropping a great number of incendiary bombs. Evidently the purpose of the German commanders was to divert the attention of the patrols by causing a conflagration on land, thus covering the attack of the squadron.

However, deliberately the plan was laid, its net result is practically nothing. Four civilians killed, one woman and one child, and a slight amount of material damage sum up this spectacular demonstration. It is of no military value, and its only excuse lies in the heartening effect it may have upon the German people.

ANCASTER NO. 2

To senior fourth—Anne Powell, Marjorie Alford.
To junior fourth—Joie Boham, Geo. Pipe, Evelyn Smith.
To senior third—Lillian Pipe, Forbes Powell, Willie Smith.
To junior third—Addie Atkins, O. W. Powell.

To senior—Miss P. Atkinson.

Many defects in our nature are hid by politeness and good breeding.

AVIATORS OF BRITAIN BUSY AGAINST HUNS

Magnificent Fight Made by Airmen Against Raiding German Warships.

ANOTHER ZEP. RAID

One Tuesday Night Also Failed—Other Activities of Air Fleets.

London, April 26.—3:25 a.m.—Hostile airships raided the Counties of Essex and Kent (Tuesday) night, according to an official statement.

"The number of raiders is uncertain," the communication adds, "but they did not exceed four. The raiders were met by a brisk and sustained fire, and retreated after achieving little or nothing."

London, April 26.—The following official communication was issued at midnight concerning recent aerial manoeuvres by the British Air Corps, aided by Belgians:

On the morning of the 25th, in spite of most inclement weather, a bombing attack was carried out by our naval aeroplanes upon an enemy aerodrome at Mariakerke. The machines were fired for about 15 minutes, and a large number of bombs were seen close to the ground and out of control.

"One of our fighting machines attacked an enemy aeroplane and drove it down. The hostile machine was last seen close to the ground and out of control."

"The morning of the 24th a further attack was carried out against the same aerodrome in co-operation with our Belgian allies. A large number of bombs were dropped. A heavy fire was encountered by all of the machines. There were no British casualties. The results obtained appear to have been very good."

"The same day a British aeroplane attacked an enemy seaplane about five miles off Zeebrugge. The enemy pilot was killed. The machine dropped, the enemy observer falling into the sea. The machine was still at a height of 2,000 feet. The hostile seaplane crashed into the sea and sank."

"During the operations against the German battle cruiser squadron off the east coast on the 25th (Tuesday) night, our aeroplanes were fired at by two Zepplins which were pursued by naval and land machines over six miles out to sea. Bombs were dropped, but dropped, but apparently without serious results."

"An aeroplane and a seaplane attacked the German ships off Lowestoft, dropping heavy bombs. Four enemy aeroplanes were shot down by our fighters. One seaplane came under a heavy fire from the hostile fleet but the pilot, although seriously wounded, succeeded in bringing his machine back to the coast."

"It is regretted that one pilot is reported missing. He ascended during the operations against the German ships off Lowestoft at about 1:00 a.m. He has not been heard from since."

MANY AIRSHIPS BROUGHT DOWN

Many airships were brought down by our fighters. One seaplane came under a heavy fire from the hostile fleet but the pilot, although seriously wounded, succeeded in bringing his machine back to the coast. It is regretted that one pilot is reported missing. He ascended during the operations against the German ships off Lowestoft at about 1:00 a.m. He has not been heard from since.

BELGIAN RAID

Details of Bombardment by British Fleet.

London, April 26.—The Rotterdam correspondent of The Daily Mail telegraphed: There were two bombardments of the Belgian coast by a British squadron on Monday. The first was at 4 a.m. and lasted for half an hour, only a few shots being fired. The second was at 10 a.m. and lasted for an hour and a half, and was a severe bombardment of Zeeland.

AMERICAN DESTROYERS

It is said these destroyers were driven into Zeebrugge harbor, and that all of them appeared to have been hit.

GIVING IS GETTING

Hamilton and London Synod Reports Gains.

A Prayer League—Overture On Stipends.

Stratford, April 26.—To-night's session of the Hamilton and London Synod, being given over to home and foreign missions, left little business to be wound up in the morning, when the meetings will conclude.

Presbytery reports on systematic giving for the Budget showed that Hamilton Presbytery, with fifty-one pastoral charges and seven mission fields, with 4,881 and 3,353 contributors, respectively, had given \$45,178.78, an average of \$23.68 per member, and a decrease from 1914 of \$12,539.01. Only one other Presbytery, Bruce, showed a decrease: \$1,020.69, the average contribution being \$2.07. Average in other Presbyteries were: Paris \$2.95, London \$3.32, Chatham \$2.55, Stratford \$2.51, Huron \$2.04, Sarala \$2.66, Maitland \$2.28. The net increase for the whole Synod was \$6,501.85, and the average contribution \$2.73.

"Canada has no reason to be proud of her political situation at the present time," said Rev. W. J. Knox, London, in deploring war, craft, and intrigue closing fellowship with God's solution for a clearer national life.

To the end that religious education be enabled to reach the people, more comprehensive recommendations, which were approved. These included a study of the Bible in the home, full of the worship period at the beginning and closing of school with reading of scriptures by teachers and pupils, repeating the Lord's prayer and the Ten Commandments, making the most of the Bible passages in school readers, reading Golden Texts in schools on authorization of boards, teachers to take advantage of every opportunity to inspire scholars with high moral ideas, and ministers to visit and inspect pupils to the limit of their possibilities.

In the Synod of the Synod—Hamilton, Paris, Stratford, London, Chatham, Sarala, Huron, Maitland and Bruce, there were 1,000 members, and from 465 to 418, and of Young People's Societies from 347 to 285. Synod voted to meet next year in Zion Church, Stratford.

Rev. Dr. Hanson, Montreal, addressed the Synod on "The Future of the Church." An overture by Rev. John McCulloch, Maitland Presbytery, urged adjustment of stipends in keeping with the increased cost of living. After a warm discussion the matter was referred to a committee, with power to recommend the same to the General Assembly with the Synod's approval.

Rev. Dr. Dickie, Chatham, for the Committee on Religious Education, urged better methods in conducting Sunday schools. Good progress was reported in the work of three summer schools, which last year had an enrolment of 280.

ANCASTER NO. 7

Following is the report of S. & S. No. 7, Ancaster:
Entrance to senior fourth—Anna Shaver 87 per cent, Bonilla Kern 84, Elva Shaver 77, Bertha Kendrick 74, Harman Shaver 60, Allan Smith 60, recommended—Violet Norworthy 58.
Entrance to junior fourth—Heata Smith 77, Harold Pottruff 72, Ann Norworthy 68.
Entrance to senior third—Iva Kern 74, Elva Smith 68.
Entrance to junior third—Evelyn Shaver 80, Leah Norworthy 78, Alice Kendrick 74.
Second class—Henrietta Wren, Gertrude Beag, Lorne Pottruff, Raymond Brown, Lloyd Daniels, Gladys Bign, Harry Smith.
First class—Eva Miller, Russell Pottruff, Violet Shaver, Freddie Bignell, Jacob Shaver, Maurice Robillard, Velma Kendrick, Edna Daniels, Delmer Leach.
Primer B class—Johny Edington, John Pottruff, Harold Shaver, Elva Shaver, Gordon Norworthy, Zella Book.

No Man Should Sidestep This Request

If You Can't Go to the Front, You Must Help at Home

The simplest and easiest thing we've asked of you yet.

It's just collect your old magazines, tie them in bundles, fill in the coupon and mail it to-day.

Magazines, old or new, are wanted by our soldiers overseas. The monotony of the training camps and rest billets, the terrible nervous rack of trench warfare can be alleviated by good reading and lots of it. There's a shortage. The Canadian Club of Hamilton is working to assist the military branch of the Y.M.C.A. to overcome it. So do your share. Send in the coupon and our collectors will call Monday, May 1st, May Day, for your bundles. Send few or many, old or new—all are acceptable.

May-Day Magazine Collection Coupon

(SOMETHING TO READ FOR OUR CANADIAN SOLDIERS)

I will have ready, Monday, May 1st.....bundles of magazines for the Canadian Soldiers overseas.

Name.....

Address.....

Out this out, fill in your address and mail to-day to Canadian Club Headquarters, 18 MacNab South, (or telephone 252).

WINNING FAME AT THE FRONT

Hon. Dr. Pryn's Address to Ontario Educationists.

Business at the Session Tuesday Evening.

Toronto, April 26.—Hon. R. A. Pryn, Minister of Education, gave an address of welcome to the members of the Ontario Educational Association last evening. As was natural, the war was the principal topic of interest. He said that last year, only in a more intensified form.

Canadians stood better to-day than they did when the last meeting was held. They have gone through baptism of fire and have grown stronger, more fully identified with deeds of valor by our boys.

There is a sentiment that permeates the Canadian mind that the war is the greatest thing that has happened since the world was being created. One young hockey player had lost both his legs, but was cheerfully going forward to watch a game.

There is a sentiment that permeates the Canadian mind that the war is the greatest thing that has happened since the world was being created. One young hockey player had lost both his legs, but was cheerfully going forward to watch a game.

LIBERALS' WORK

Much Good Legislation Started by Rowell's Aides.

(Special to The Times.)
Toronto, April 26.—Among the reforms accomplished this session by the Liberals in the Legislature under the leadership of Mr. Rowell, although in Opposition, are the following:

1. Prohibition.
2. Establishment of a Trades and Labor Bureau.
3. War Resources Committee.
4. Northern Ontario Development.
5. Hydro power for Eastern Ontario as well as for the west.
6. Equal treatment for Ontario citizens in the armaments of the allies.
7. Submission to the House of T. N. O. and Hydro accounts.
8. A thorough-going advance in agricultural matters.
9. A thorough-going advance in agricultural matters.
10. A thorough-going advance in agricultural matters.

Coming down to domestic affairs, the Superannuation Bill was touched on. The Minister of Education noted the changes that had been made in the Bill, and asked the members of the House to support it. He said that many men now in the field will not desire to return to office life, so vocational training will be necessary.

ONT. LIBRARY ASSOCIATION

Officers Elected at Last Session of Convention.

Hamilton Lady a Member of the Council.

Toronto, April 26.—At the last session of the sixteenth annual meeting of the Ontario Library Association held yesterday forenoon at the College Street Library, Dr. George H. Locke, M. A., was elected president in succession to Mr. David Williams, of Collingwood.

One of the chief addresses of the morning was that on "The Use of a Public Library," by a Public Librarian given by the Hon. Mr. Justice Riddell. There are two sides to the question of the public library. It is a general means to make known the treasures of the library to the public. It is a general means to make known the treasures of the library to the public.

SIR JAMES WATSON'S OPINION

CONSIDERED MOST VALUABLE

He says that the commonest of all errors is to give a man a chance to escape. Sir James Watson firmly believes in local treatment, which is best supplied by "Cathartone." The case of Cathartone can exist where Cathartone is used. It is a general means to make known the treasures of the library to the public.
